

Canvas Products:

1. Gallery Wraps:

Both Fine Art Canvas and Metallic /Lustre Photographic Paper gallery wraps are offered.

Your image is printed larger than the final product size so that it can be wrapped around a wood frame. You can choose between 1/12 and 2/12 inch depths.

Framing paper covers the back of the gallery wrap with metal hangers and corner bumpers. Alternatively, choose the wire hanger option without paper backing. Your gallery wrap will be ready to hang on the wall the minute it arrives.

All gallery wraps include a matte, semi-gloss, or high gloss laminate to protect it from scuffs, scratches, cracking and UV light.

2. Canvas - Standout Mounted:

Canvas prints of certain sizes can be mounted on Standout (see [Mounting](#)) and can then go straight onto the wall without a frame.

3.Float Wraps:

This is a new and unique way to display images!

Float Wraps are similar to Gallery Wraps but the back of the Float Wrap has a $\frac{3}{4}$ " or $1\frac{1}{2}$ " thick gatorboard block that allows the Float Wrap to extend out. It appears to be 'floating' on the wall with the main focus on the image!

Float wraps are created by wrapping a Canvas or photographic print around masonite with padding in between and laminate protection. The padding gives the front of the float a raised, elegant look and feel.
